

Program Leader

Department: Early Development

Job Description

Early Development is a fancy way of saying kids ages 4-14! We are looking for someone to be a Program Leader within our department who is energetic, fun, loves working with kids/families, and can communicate well!

The Charlotte Eagles are a non-profit ministry that are playing a game to change the world. Simply put, we use soccer (and volleyball **NEW!**) as a way to start a relationship and share the gospel of Jesus with people.

“Early Development” is an opportunity to get in on the ground level of a kid’s (and their families) development in soccer and relationship with Jesus. We have two major programs: Rec League + Summer Camps. In the role of the program leader, we’re looking for young leaders ready to be developed both on the field and off! The bonus...**YOU DON’T HAVE TO BE GOOD AT SOCCER!** If you’re looking for a job where you can develop better communication skills, lead people, and be a part of a growing organization–this may be the job for you! We have fun, work hard, and get to play a part in real life-changing impact!

Compensation + Benefits:

To be discussed upon interview!

**If Interested, email anewsum@charlotteeagles.com
with resume & cover letter!**
